## YOU MUST KNOW!

### BANDHAVGARH

Bandhavgarh National Park is one of the most famous and picturesque national parks in India, it covers an area of approximately 450 square kilometers (172 square miles). The park is nestled in the Vindhya Hills and is known for its rich biodiversity, captivating landscapes, and high density of Royal Bengal Tigers.

Apart from tigers, Bandhavgarh is home to a diverse range of wildlife. The park boasts over 22 species of mammals, including leopards, sloth bears, wild boars, sambar deer, and various species of monkeys. It is also a birdwatcher's paradise, with more than 250 species of birds, including migratory birds that visit during the winter months.
